• **VL.1269 Practical training in production animal medicine**
  • 6 ECTS
  • 4 weeks

• **VL.1270 Practical training in equine medicine**
  • 4 ECTS
  • 3 weeks

• **VL.1292 Practical training in small animal medicine**
  • 11 ECTS
  • 7 weeks
Practical training in your programme II

- If **prerequisites** are completed, you **can** do it abroad in the summer after 4th year

  Learning agreement WILL NOT BE signed before the prerequisites are completed

- You **cannot** do it in EMÜ clinics before spring of 5th year
Erasmus+ programme

• EU scholarship programme
• Studies in partner universities vs traineeships
• Which countries?
  1. EU member countries
  2. Countries that have joined the programme: Turkey, Iceland, Norway, Liechtenstein, Serbia, Switzerland, North Macedonia
Where to go?

• Clinics of universities – *does not have to be our partner university*
For how long?

On every study level:

• 2 (60 days) to 12 months

For integrated studies 12+12 months

General requirements

• The student has to be enrolled at the Estonian University of Life Sciences (EMÜ);

• The student must have **sufficient language skills** (generally at least B2 of the language of instruction).
How to apply?

• Depends on host university’s procedures

• You can check the procedures in this spreadsheet: http://bit.ly/2jpEdVo
Compulsory language test

• Every student participating in Erasmus student mobility is required to take a compulsory online language test both before and after the mobility. You are only exempt from the test if the language of instruction is your first language.

• The student will take the test once they have been elected to participate in the programme.

• Language course of local language available after test
Upcoming deadlines

• Submit application on Dream Apply here: [LINK]
  
  • Swedish University of Agricultural Sciences 01.10.2019
